THE YELLOW DEATH.

The Furious Fever--Accumulating Agony--The Scourge Spreading Swiftly.

By Telegraph to the News.

GRENADA, MISS., Sept. 10.—The yellow fever has broken out at Senatobia, Miss. There have been over 30 cases up to date. The alarm among the citizens is great.

CHICAGO, ILL., Sept. 10.—The employees of the city and county are to-day giving a pic-nic, for the benefit of yellow fever sufferers. It is being conducted on a grand scale. All the articles and provisions used have been contributed, and the sale immense. The proceeds will be several thousand dollars.

ST. LOUIS, Sept. 10.—Among the recent notable contributions to the yellow fever fund here was a bale of cotton, donated by the citizens of LaGrange, East Tennessee, and sent here for sale, which was auctioned off. It was purchased by four members of the Cotton Exchange, and by them redonated and again sold, this time to Mr. Barnes, of the firm of Barnes, Davis & Co., of Liverpool, whither it will be taken by the purchaser and sold for the same good cause. It has already added eight hundred and twenty dollars to the fund.

MEMPHIS, Sept. 10.—At an early hour this morning rain commenced falling, and has kept on incessantly up to noon. Fifty-nine deaths have been reported up to noon, making one hundred and fifteen since yesterday noon. Among them are: Mrs. Fannie Matthews, Gen. C. W. Adams, J. B. Fair, Wm. Chandler, John J. Connelly, telegraph operator; George Love, an employee of the Southern Express Company; Fred. S. Schafer, city Tax Collector; Father E. H. P. Piper; Mrs. M. J. Gleason; Mrs. S. M. Gates; J. M. Kerr and Charles M. Smith, printers. Among those in a critical condition is J. J. Sullivan, of the firm of Flaherty & Sullivan.

VICKSBURG, Sept. 10.—The indications are that the fever is decreasing in new cases, but the mortality is fearful, the deaths yesterday numbering forty-six, and to-day forty-four. Among the deaths to-day are: Cashier Martin, of the county treasury, and J. W. Alvis, of Chattanooga, a telegraph operator, who came here three weeks ago. Bishop Elder's condition is more favorable to-day, and Drs. Robbins and Balfour are out again. Dr. O'Leary is sitting up.

CANTON, MISS., Sept. 10.—The total number of cases up to date is two hundred and forty-eight; deaths, thirty-eight; new cases in the last twenty-four hours, thirty-five; one death. The number of cases is increasing daily.

NEW ORLEANS, Sept. 10.—Two hundred and thirty new cases and eighty deaths are reported to-day.

MOBILE, Sept. 10.—There was a fatal case of yellow fever here last evening. The Board of Health report it an imported case. This has been the only one here.

The Maine Election.

By Telegraph to the News.

BANGOR, ME., Sept. 10.—Return from 228 towns give Connor, Republican, for Governor, 41,681; Smith, Greenback, 28,322; Garcelon, Democrat, 19,612. Connor lacks 6,253 of a majority in these towns, while last year his majority was 6,193. Returns of the Congressional vote from 30 towns in this (4th) District, give Powers, Republican, 4,617; Ladd, Greenback and Democrat, 5,962. Powers is 1,343 behind in these towns, where at the last election he was 682 ahead. The Whig has returns of 41 Republicans, 26 Greenbackers, and 7 Democrats elected to the Legislature. Nine Greenbackers and Democrats are reported elected in Penobscot county, where the entire fusion county ticket is probably elected.

BELFAST, ME., Sept. 10.—Thirteen towns in Waldo county, including Belfast, give March, Greenbacker, for Congress, 1,148 plurality. His whole plurality in the county is probably 1,800.

LEWISTON, ME., Sept. 10.—Androscoggin returns complete, give Connor 3,814; Garcelon 2,123; Smith 2,232. For Congress, Frye 3,886; Belcher 2,113; Chase 3,114. The Republican Senators and county ticket are elected by from 800 to 1,500 plurality. Representatives to the Legislature are: 6 Republican and 3 Combination Republican; a loss of 3. Frye has nearly 3,000 plurality over Solon Chase in this District. Nearly half the Democrats voted for Chase.

PORTLAND, ME., Sept. 10.—By the present showing Hale must be defeated. The Senate appears to stand 20 Republicans to 11 Greenback and Greenback Democrats. No straight Democrats. There are not yet enough returns in to pronounce upon the complexion of the House.

Germany Prepares for Socialists and Agitators.

By Cable to the News.

BERLIN, Sept. 10.—In a speech from the throne, which was read by Count Stolberg Wernigerode, at the opening of the Reichstag, yesterday, is said: "Immediately after the first attempt upon the Emperor's life, the Federal Government became convinced that crime was due to the influence of sentiments propagated far and wide by an agitation which aimed at undermining the existing laws of the State and of society." The speech, after referring to the rejection of the first bill brought forward in the Reichstag, for the arrest of machinations which imperilled the common interests of the country, says "The Federal Governments think now as formerly, that extraordinary measures are required to prevent further extension of the already wide-spread evil and to pave the way for its extinction, and that such measures should preserve the liberty of citizens in general, and only prevent an abuse of liberty, by which pernicious socialistic agitation threatens the foundations of life and all culture."

The speech expresses the confident hope that the deputies will not refuse the means of giving the empire the same security from internal, as it already enjoys from external attacks. The liberals are not much pleased with this speech, which they regard as partly an indictment against themselves.

The Way to Serve Them.

NASHVILLE, Sept. 10.—Pickney Bell, a white man in jail at Murfresborough, for killing a Constable in Rutherford county, while attempting to arrest him, was last night taken out and lynched.

Warren Court.

Special Correspondence of the News.

WARRENTON, Sept., 19.

Court is progressing here, Judge Seymour presiding. I learn that the civil docket is small and the criminal docket is large. Under the new judicial system, only one week is now allowed to Warren Superior Court and the business of the court cannot be transacted in that time.

Besides the resident bar, Messrs. J. B. Batchelor, H. A. Gilliam, Walter Clarke and F. H. Busbee, of Raleigh and W. H. Day, of Halifax, are attending our court. John Henry Collins is acting as Solicitor, with J. C. L. Harris, of Raleigh, and William E. Clarke, of Newberne, as his assistants. I learn that Collins has made an arrangement by which he has portioned out his district so that Harris is to be his assistant in some of his counties and Clarke, (of Newberne,) in all the others. Collins is at least generous towards his late competitors.

The scarlet fever is prevalent, twelve or thirteen cases being reported to date—and the excellent schools here (with one exception) have suspended.

Rev. B. F. Long, greenback candidate for Congress, spoke here to-day. Capt. W. H. Kitchin and O'Hara are billed to speak here on Thursday.

THE NEWS

is gaining many friends in Warren. The people are pleased with its course. Many are the kind words I am requested to bear to you for the high standard of Democratic journalism you have established and maintained. I am instructed to say to you to keep on in the future as you have in the past, and when money is more plenty the News will sweep over North Carolina like a mighty tidal wave. It is the people's paper, the people admire it, and the people will sustain it. L.

The Congressional Campaign.

Special Correspondence of the News.

WILSON'S MILLS, Sept. 10.

Hon. Jo. Davis and Jo. Turner spoke here to-day. Maj. Bledsoe was detained by sickness. Mr. Davis spoke by agreement one hour. Mr. Turner followed with an 1½ hour's speech, when Mr. Davis was to close with an half hour's speech. When Mr. Turner had spoken 1½ hours Mr. Davis called his attention to the fact that his time was out. Mr. Turner replied that he did not care what the agreement was, it was his appointment and he intended to speak as long as he pleased. He continued to speak, but must have spoken longer than he pleased, as for some minutes before he ended his audience was reduced to one man only, and he a negro. The old negro listened, and Turner spoke to him. Nothing like this was ever witnessed in these parts before.

Turner is steadily losing in Johnston. W.

Magistrates Summoned.

Special Correspondence of the News.

OXFORD, Sept., 10.

Our people have been thrown into a state of some excitement by an order of Judge Kerr to the embodied Magistrates of Granville, for every magistrate in the county to attend before him in a mandamus proceeding at Greensboro, on Friday next. The lawyers here say that such an order is illegal, and if the magistrates, as is likely, should refuse to attend out of the county, it would be a novel sight to see all the magistrates of a county ordered to jail. In the meantime Col. Amis has gone to see the judge to get the order revoked.

The Jo. Turner element is decreasing here. X.

Bosnian Women.

Philadelphia Press Correspondence.

Bosnia is one of the most valuable provinces of Turkey. The population, originally of the same Slavic stock, is divided only by differences of religion. They are a hardy, martial race, self-reliant, accustomed to vicissitudes of life, and prepared for every emergency. The women are almost as masculine as the men. They have strongly marked physiognomies, are athletic in form, bold and intrepid in bearing, and of the mould from which heroic races are cast. Their beauty is of the sternest type, and yet it is commanding and attractive. The complexion is fair and free from blemishes, the eyes large and lustrous, and the countenance indicative of both energy and good nature. When they love, it is with an intensity that brooks no control. When they give their hearts, they expect hearts in return, and woe be to him who deceives them. Better that he had never been born. He becomes an object of hate to all her family, and may be the cause of a perpetuation of *vendettas* from generation to generation. Often when you can get no other guides, a Bosnian woman will accompany you on your way, and lead you to your destination though the journey occupy several days. Beware, however, that you treat her with proper respect, or dire will be the consequences.

A Chicago Justice who had six drunken women before him recently, fined them $20 and ordered them to work it out by giving the station house a thorough cleaning. He says he is going to adopt this plan regularly in future. The woman pleaded piteously with his Honor to give them ten days in the House of Correction instead of the house cleaning job.

THE RADICAL DISTRICT CONVENTION.

Around the Council Fire—The Plans of Battle—Old Jo Endorsed.

The Republican Executive Committee of this (the Fourth) District met in this city yesterday. Mr. M. V. B. Gilbert, the Secretary, read the call for the meeting, and, upon calling the roll of counties, the following members of the Committee answered to their names:

Chatham: W. T. Gunter, (appointed by the chairman of the Committee, Mr. Guthrie.)

Granville: I. J. Young, proxy for T. L. Hargrove.

Johnston: P. T. Massey.

Nash: R. C. Badger, proxy of L. N. B. Battle.

Orange: Lewis Jenkins.

Wake: Stewart Ellison.

Franklin: (Not represented.)

On motion of Col. I. J. Young, R. C. Badger was elected Chairman pro tem., and the Secretary was continued in his position.

A letter of Hon. Edwin G. Reade, in which he declined to allow his name to be used in connection with the Congressional election, was read.

On motion of Col. Young, Mr. Gunter was elected as the member of the Committee from Chatham county, to fill the vacancy occasioned by the death of Silas Burns.

The Secretary read a letter from the Chairman of the Committee, in which he expressed his regret at his inability to be present.

A full and free interchange of opinion was then had.

Col. Young moved that, as the sense of the Committee, it is deemed inexpedient to call a Convention of the Republican party of this District for the purpose of nominating a candidate for Congress, which motion was unanimously adopted.

Mr. Moring, of Johnston, offered the following resolutions:

WHEREAS, We deem it inexpedient to call a Convention of the party in this District, to nominate a candidate for Congress; and as we regard it expedient and proper, under the circumstances, to support Hon. Josiah Turner against the regular Democratic nominee; therefore,

Resolved, That we respectfully and earnestly call upon the Republicans of this District to give their support to Mr. Turner, as a choice of evils, and for the following reasons:

1. Because he is an independent people's candidate against the nominee of the old Bourbon Secession party, Mr. Davis.

2 Because he is the friend of the workingmen, and the known and inflexible opponent of corrupt rings, overbearing and unjust corporations, and all who would steal power from the many to benefit the few.

3. Because, by his opposition to ring Democrats and old Bourbon Secession Democrats, he has been singled out for persecution and abuse by these men, because they fear that honest and well-meaning Democrats will hear and heed his counsels and vote against them, and thus deprive them of the power they now have, and which power they never use for the good of the people, but always for themselves.

4. Because we believe he will advocate such measures in Congress as will render money more plentiful than it is now, and that he will not forget as nearly all the Bourbon Democrats do, where elected to the National Legislature, the rights and interest of workingmen.

5. Because, he was an old Union man, and because, though like the great mass of our people, he was true to his State and the Confederacy, yet on account of his Unionism in 1860 and 1861, the old Bourbon Secessionist, have never really liked him, and would be glad now to destroy him finally as a public man.

6. Because, he is a poor man, made so by the persecutions of the Bourbon Democrats; and being so, he can all the more truly sympathize with the great mass of the farmers, mechanics and working men of the State.

7. Because, *we believe he can be elected*; and thus, while the people will be benefited in many respects, the old Bourbon Secession Democratic party will be impaired in its power to inflict further evil on the country.

The resolutions, after a short discussion, were adopted, the county of Orange, (Mr. Jenkins) alone voting against their adoption.

On motion, the Committee adjourned.

Supposed Case of Poisoning.

Correspondence of the News.

CHAPEL HILL, Sept. 9.

A Coroner's inquest was to-day held over the body of the wife of Louis Carlton, one of the burglars now awaiting his trial, in Hillsboro jail. This woman died very suddenly about two months ago. It has been whispered, since the arrest of her husband, that she had threatened to expose him, and it is thought that he poisoned her to prevent it.

The Coroner, Dr. Wilson, took out the stomach, liver and kidneys of the woman and gave them to Prof. Redd, who put them in glass jars, to preserve them until he can examine them.

The body was much decomposed, though it was readily identified by witnesses who were present.

Of course, the Coroner's jury cannot render a verdict until the result of Prof. Redd's examination is made known. H.

A Union Soldier's Tribute.

President Hayes and party reached Minneapolis, Minn., Saturday morning. After breakfast Mr. and Mrs. Hayes received a few personal friends. A visit was paid to the agricultural fair grounds, when a grand cavalcade of $500,000 worth of stock was ranged in parade. The President made a speech, in which he eulogized the energy and public spirit of the people of Minnesota. Attorney General Devens also made a speech, at great length. When Mr. Devens closed the President came forward and said he had been presented with a Bible by a Union soldier, as his only possession, to be given to alleviate the sufferings of some Confederate soldier in the South, who is his friend but once his enemy, to be sold for what it will bring. Mayor Rand took the book and it was sold to Mrs. James E. Case for $100. The following letter accompanied the Bible:

MINNEAPOLIS, September 7.—This Bible is the property of a United States soldier in the war for the Union in 1864 and 1865. It is the only gift in my power to make. This is the gift of a friend and is prized for this reason above all price. I accept most cheerfully this opportunity of expressing the sincerity of my friendship for those brave boys who fought in the defense of what they honestly believed was right in the war of the rebellion. We were enemies in the war, we are friends in peace. May this be the means of carrying joy to the hearts and homes of some poor sufferers, and I shall be a thousand times paid for the sacrifice. It is especially requested by the donor that the Bible be sold and the proceeds given to a family or families of Southern Confederate soldiers suffering from yellow fever.

D. Newton, of Severance.

To the Colored People of Raleigh.

Correspondence of the News.

The colored people of Raleigh will give a dime party at Metropolitan Hall, Thursday evening, September 12th, at 7½ o'clock, for the benefit of the yellow fever sufferers. It is earnestly hoped that we may have a fair representation of all the benevolent people of Raleigh. Our white friends have done a great deal in this direction, yet they do not seem to be tired, because they are now responding liberally to our colored committee, and we hope they will continue to do so. Ye sons of Africa, who are doubtful that this suffering to any extent affects the colored people, read the appeals made by the Colored Preachers' Aid Association of Memphis, and of New Orleans, and doubt no more. I am glad to know that the colored band has offered its services to the committee, and will grace the occasion with their excellent music. It is expected that the Oak City Blues, the Oberlin Vance Guard, and the East Raleigh Guards will turn out in full dress uniforms, and it is believed that the better portion of our people will be out, and no pains will be spared by the committee to make the occasion an enjoyable one, and one that will reflect credit upon our entire city, and will cause His Honor the Mayor, to say, as I imagine he feels, that he has the most benevolent people in the country.

NOTES.

The same process that makes milk butter, makes buttermilk.

"Take away women," asks a writer, "and what would follow?" That's easy. The men.

What woman would be the most likely to give her husband a blowing-up if he irritated her? Dinah might.

Hayes is the greatest of the Presidents. He has traveled more than Washington, sworn more than Jackson, and advertised more hotels than Grant.

Some young ladies are opposed to the telephone. They say they do not care to have any young fellow whispering in their ears with his mouth twenty miles away.

Gentleman—Why, man, you've swallowed half a cork in that whisky! Extra Hand—All right, sor; I'm contint. I've learned to take everything in the spirits in which it is offered.

An old lady, remarkable for her confused ideas of the meaning of words, describes a clear summer evening thus: "It was a beautiful bright night, and the moon made everything as light as a cork."

The funeral services of a San Franciscoan were delayed by the tardiness of the clergyman. "While we are waiting," said one of the mourners, "our friend, Mr. Welters, will perhaps oblige with a recitation," Mr. Welters obliged, reciting "The Raven."

The following note was received a few days ago by a lady, from a neighbor. The "Jacob" incidentally referred to was the husband of the writer:

Mrs. B——: will you please to lend me a black bonnet and a black hat and 2 black veils, and a shawl or sack and a pair of gloves and oblige me.

HANNAH V——.

P. S.—Jacob is dead.

A mother was trying to break her five-year-old boy of the habit of telling him that all liars went to hell. She gave him a moving account of the terrors of the place, whereupon he exclaimed, "Why, mother, I couldn't stan' it!" "But you would be made to stand it," said she. "Oh, well," said the youngster, "if I could stan' it, I don't care.

The poor man at Memphis is the sufferer; the man of wealth has gone away with his money or locked it up behind him. Says the Avalanche: "Memphis has many rich men who own palatial stores along Main Street. There is not one of these rich men here to-day, in the hour of our greatest calamity. These rich men are neither represented in person or by their surplus dollars. The majority of the men who are standing in the deadly breach, fighting the most gigantic plague that ever cursed American soil, are men who do not own $1 in real estate in Memphis." Where, it asks, is this man and that man, giving their names, "and a score of others that we propose to mention at a future time? Have we seen the light of their countenances or the color of their money? Facts are stubborn things, and we are now treating of facts. The men who are to-day standing in the forefront of the battle have no capital but their manhood. God bless them."

The Washington Post says that Radical politicians are trying to make campaign capital by asserting that "General Joseph E. Johnston's service in the Confederate army gained him his nomination for Congress." We don't know how much truth or falsehood there is in the statement; but if it be literally true, what of it? A gallant soldier is always a popular man, and will always be an available candidate. The same reasons that make the ex-officers of the Union army popular at the North make the ex-Confederates popular at the South. The Northern soldiers would despise the Southern people if they were base enough to be ungrateful to the men who fought in their armies.

The Electric Light and Telephone in Warfare.

The German military authorities are making numerous experiments with the electric light and with the telephone in two of the forts. It has been ascertained that by the aid of the electric light the night operations of the enemy, in case of seige, could be observed and frustrated. The telephone has been tried with success in field operations, and it will probably take the place to a great extent of signalling.

A Child Bitten by a Snake--The Father Sucks Out the Poison.

Rock Hill (S. C.) Herald.

We have learned the particulars of an interesting and rather extraordinary occurrence in connection with a snake bite, reported to us by J. A Giles, who resides six miles south of this place, the bitten party being his little son, about three years old.

The facts as stated to us by Mr. Giles are as follows:

On Wednesday of last week he (Mr. Giles) walked out to a body of woods not far from the house for the purpose of chopping a tree, his son following him. The little fellow was amusing himself a few feet from his father while the tree was being chopped, when all at once he screamed in a most distressing manner. Mr. Giles immediately ran to him, and was shocked to behold creeping away from the child's feet a large deadly-looking reptile of the species commonly known as the highland moccasin, second only to the rattlesnake in the deadliness of its poisonous bite.

Mr. Giles was terribly alarmed when, added to the large size of the snake and the almost frantic demonstrations of his child, he observed the blood oozing from the top of one of his feet, dispelling all hope that he was simply frightened and not bitten. Instantly he snatched up the child, at the same time planting one foot firmly on the snake near its head, squatted down with the little fellow on his lap, put his mouth to the wound and sucked it with all the power he could command. Mr. Giles says he knew the poison was being extracted, for the taste of what came into his mouth was so indescribably horrible that under any other circumstances he could not have endured it.

After he had well nigh exhausted himself sucking the wound, holding the child which was exceeding difficult, and grinding the snake with his foot, he hurried to the house with him and immediately sent for a physician. The little fellow continued to suffer about four hours, when he became quiet, and has suffered no pain since. The foot, which is still too sore to admit of walking on it, swelled considerably, but the leg was very slightly enlarged. Except the soreness, the little fellow may now be considered well.

It is gratifying to know that the father experienced no bad effects from this heroic act of paternal affection, which doubtless alone saved the life of the child. The fact that he is blessed with sound teeth was no doubt a most fortunate circumstance.

Southern Canals.

Washington (D. C.) Gazette.

Some days ago the Boston press announced the departure of the steamer Oriole for Jamesville, N. C., via Ocracoke Inlet. The steamer, formerly a ferry boat, had been purchased by the Jamesville and Washington Railroad and Lumber Company, and was fitted up for passengers and freight, and under contract to carry the United States mails from Jamesville, on the Roanoke river, to Franklin, on the Blackwater river, there to connect with the Seaboard and Roanoke railroad. The steamer left Boston, and passing through Long Island Sound, reached New York. The Oriole being a side-wheel steamer of light draught was not fit for an ocean trip, and her owners desired that she should go south by the canal Inland Route from New York, but on measurement, it was ascertained that the locks on the Delaware and Raritan and Chesapeake and Delaware canals were long enough, but only twenty-four feet wide, while the Oriole was thirty-seven feet wide. Here was a dilemma! The Oriole had to proceed to sea and coast it to Norfolk, Va., where she arrived on Wednesday morning last, after encountering many delays. Obtaining a supply of coal, she departed for her destination, Jamesville, on the Roanoke river, North Carolina, via the Albemarle and Chesapeake canal, thus saving a voyage of several hundred miles, avoiding Hatteras and the most dangerous coast of America. The Oriole arrived at her destination Friday, ready for immediate service.

The canals along the Atlantic coast should be enlarged to the capacity of the Albemarle and Chesapeake canal, so that vessels from New York and Philadelphia could proceed South by the Inland route, without encountering the dangerous coast. In this connection, we notice that a surveying party, under Captain C. B. Phillips, United States Engineers, are now engaged in making a survey for an Inland water route from Norfolk to the Cape Fear. Would it not have been well to have confined their work to ascertaining the most practicable line from the Neuse to the Cape Fear, because the inland route via the Albemarle and Chesapeake canal is now greater than any other along the Atlantic coast? Why not also improve the Northern canals? And, if they are large enough for the wants of commerce, would it not be to the interest of true economy to make the water-line complete from New York to Florida, before enlarging any of the existing routes? If canals are required for military purposes, they should be uniform, that a boat leaving New York should be able to pass through the entire line, and not have one lock so small as to prevent further progress. If Congress should provide for this navigation, we hope a uniform system may be established, and that a vessel starting from any point along the coast may be able to go the entire length of the navigation.

Life.

A modern philosopher has apportioned man's full existence as follows:

Seven years in childhood's sport and play, 7.

Seven years in school from day to day, 14.

Seven years at a trade or college life, 21.

Seven years to find a place and wife, 28.

Seven years to pleasure's follies given, 35.

Seven years to business hardly driven, 42.

Seven years for same, a wild goose chase, 49.

Seven years for wealth, a bootless race, 56.

Seven years for hoarding for your heir, 63.

Seven years in weakness spent and care, 70.

Then die and go—you *should* know where.

Discussion in Johnston---Mr. Davis at Smithfield.

Correspondence of the News.

SMITHFIELD, Sept. 10.

On yesterday, the Congressional candidates spoke in Smithfield. While Mr. Turner dealt altogether in dead issues, not forgetting to speak on his war records, "cussing" rail road rings, and abusing every body in general. Mr. Davis spoke on federal politics, and things which concern the people of to-day, at the same showing the corruption of the Radical party. During Mr. Turner's harangue, occasionally there could be seen a faint smile on the blushing faces of the negro element, but when that gallant man, Capt. J. J. Davis, took the stand, then arose an applause, such as has not been heard in Johnston in many days. Capt. Davis will get more votes in Johnston this time, than when he overthrew the revenue department.

It is true a very few disaffected Democrats, whose political aspirations have been nipped by their own foolish acts and unwise remarks, will vote for "Josiah;" but the day on which they vote for Mr. Turner, they dig their own graves in political life, and hereafter all efforts will fail to call them from the tomb of oblivion which they voluntarily choose. Johnston never betrays the trust imposed upon her; she is as true to her party as the needle to the pole, and will in November, pay her just tribute to the Hon. J. J. Davis By the way, where is Bledsoe? Pat Massey says he fears that Mrs. Jenks has made an ark of "brindle tail" hairs, and placed Moses therein, and put him in the swamps of Neuse river, among the other bull frogs that are calling for "more office," "more office."

The extreme hardness of the times and scarcity of money have up to the present time induced me to offer goods in my line at much below regular prices. The Standard of Excellence.

Bread is the staff of life, and is used in every household. Yet how few have the judgment to make such a selection of flour as will make bread white, pure, tempting. Cheapness in this staple food is nearly always coupled with impurity, and brands without name or reputation are passed off upon the unsuspecting as of superior quality. The idea in purchasing this article is to get it at a place where its quality is guaranteed. This is done, and it may be had in any quantity at the store of W. H. Dodd, corner Wilmington and Martin streets.

Levy's Champion Shirts are perfect fitting.

Country and City.

Are alike accommodated at the well conducted and fancy stocked store of J. P. Pritchard, at the corner of Salisbury and Hillsboro streets. The best family groceries are there to be found at low prices. Satisfaction is sure to attend purchases at this fine grocery establishment.

Levy's Champion Shirts will please the wearer.

Sale and Board Stable.

Having this day sold our Livery and Omnibus line to O'Kelley & Baker, we will give our personal attention to the sale of horses and mules, and will keep a first class boarding stable. Our stables will be open day and night, and especial attention given to transcient and monthly boarders!

Thankful for the patronage so liberally bestowed heretofore, we trust by strict attention, to merit a continuance of the same in our sale and boarding stables.

The new firm of Latta & Myatt will occupy the store lately held by Barbee & Latta. In this fine establishment they will keep a full stock of all farm supplies, groceries of every description, together with cotton ties and bagging of best brands. These, as well as all other needed supplies, will be sold in any quantity at bottom prices.

Powder, shot, caps and wads; also gun work in all branches, at Lumsden's.

Bagging and Ties.

Cotton growers know well the necessity of using bagging of good quality, and ties which do not slip. The desirability of having both these in superior quality is such that farmers only need to be told where they can find them, to at once seek the place. The best ever brought here are on sale, in all quantities, at the completely stocked store of M. T. Norris & Co, Martin street and Market Place.

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sales now reach every town on the Western Continent and not a druggist but will tell you of its wonderful cures. You can buy a sample bottle for ten cents. Three doses will relieve you. aug14dawly-ow

It Might Have Been.

When taking a retrospection of our past lives, how often does conscience whisper to broken spirits and wounded hearts the sad, sad words, "It might have been?" Conclave Extraordinary.

At the moment of writing these lines we are unadvised as to the action of the Radical Executive Committee, which is in session, in this city, to-day, to take counsel as to the Congressional contest in the Fourth District. We are not even apprised as to who of the Republican luminaries are in attendance to shed the light of their countenances upon the remarkable convocation. If we were disposed to give rein to fancy, we might imagine some of the scenes that took place, or might have taken place, after Hugh Guthrie, of Orange, with ponderous gavel had called the "purified" faithful to order and stated the objects of the meeting.

When the alternative proposition was presented as to whether the Committee should endorse Josiah Turner, or nominate a "fire-tried" Republican, for Congress, we may well conceive the flutter caused by such an announcement. Not a council of braves, arrayed in war paint around the camp-fires of hostile consultation, confronted with a proposition to transfer the command from "Spotted-tail" to "Brindle-tail," (if there ever was such an injun,) or from "Captain Jack" to the half-breed "Jo," famous in the marches and strategies of O. O. Howard, of frontier and philanthropic fame, could have been, for the moment, more profoundly moved.

We may *fancy* that, if he were present, "up rose" Billy Smith, "and up rose he," to protest that, under no possible circumstances, could he ever be induced "to blow his horn" for a man who, within a few weeks, had been charging him with bribery and corruption, and in the past had accused him of hunting deserters with dogs. Sammy Watts was undoubtedly heard to avouch that his "bonds" to party fidelity prevented his taking "stock" in such an arrangement, and that no amount of "greasing" could make Josiah a digestible morsel for his offended stomach. Cebo Harriss was *deep*-ly impressed with the importance of the suggestion, and yet could not forget Turner's insinuations concerning the *Deep* River location of the Penitentiary. Mr. Badger believed in the doctrine of "*rotation*," to that extent, that he had no objection to helping Josiah "log-*roll* the rogues out of the Democratic party." Gov. Holden was wedded to the cause of Bledsoe, having been mainly instrumental in bringing him forward for the Senate in Wake, during the late campaign, and owing him some reparation from the fact that he "fout and *bled*" *so* vainly; and, besides, had not Turner followed him from county to county, with indictments and prosecutions? Cuffee Mayo, of Granville, and Lewis Jenkins, of Orange, of the colored troops, "fought nobly" for the great Purifier,—the former declaring that though Jo Turner accused him of stealing a pistol, the remembrance of the affront had "gone off," if the pistol wouldn't; and Jenkins boasting that a man who would ride around Caswell county in a buggy with a darkey, as Turner did with him, was "plenty good enough for niggers." At this point, and in harmony with such a suggestion, Lassiter professed himself fully ap*peas*-ed, though Turner said his land wouldn't sprout *peas*, and Hargrove "pented" effusively. Henry N. Brown held out bitterly against Josiah, on the ground that while he, in good faith, had transferred the negro vote of Orange to him, that gentleman had utterly betrayed him, (the Henry N., aforesaid,) in failing to reciprocate the favor.

At this point the doors were closed, but the result of the cogitations and deliberations of the Sanhedrin will transpire in all good time. Meanwhile Josiah watcheth and waiteth,—tearfully and hopefully,—for due recognition at the hands of his new love.

P. S.—When the doors were opened, it was found that JOSIAH TURNER HAD BEEN FULLY ENDORSED BY THE RADICAL COMMITTEE for Congress in this District. He thus presents himself, and is presented, before the people as the candidate of a party that he has bitterly assailed in the past, which he has charged, and which we believe, to have been the supreme cause of all our wrongs, and which we still regard as the worst enemy of the State and country. It is well that the disguise has been thrown off and that there is now a complete and undisguised affiliation between this man and that party. There is not now a Democrat in the District, worthy of the name, or true to principle, who will tolerate him for a moment. Josiah Turner is no longer an independent candidate for Congress, but the *recognized* leader of Radicalism in the Fourth District! More anon.

Catholic and Timely Ideas.

We have been impressed with the striking presentation of the evils of the times, the discussion of the responsibility for their existence and of the agencies for their cure, put forward by the General Committee of the New York Democracy.

Looking at the suffering of the laboring classes, the address, in its opening, adverts to its cause, "just," says the New York Star, "as a good physician makes a careful diagnosis of a disease before applying the remedy." When it says the country is suffering from the effects of Republican neglect and misrule, it simply asserts what every thoughtful man knows to be true. Up to the time the Republican party came into power no country was more prosperous than this, and in none were the working classes as contented and happy. The war, of course, produced an abnormal state of things, but the mismanagement of the national finances, the unparalleled corruption, after the struggle, the creation of enormous monopolies, and perverting the whole system of legislation and government for the benefit of speculators and the wealthy classes, and to the depression of the laboring people—are to be attributed entirely to the Republican party. The Democrats had no power in the nation, and a very limited power in a few of the States, during the whole period of this reign of extravagance and corruption. The frightful collapse of five years ago was the inevitable result. The Republican party, and it alone, had sown the wind which ended in that whirlwind of disaster and distress. They had the Administration and both Houses of Congress from the commencement of the war up to 1873, when the result of their ruinous misgovernment swept over the land like a simoon. It was only after the country was plunged into distress by Republican misgovernment that a reaction took place and that the Democrats attained but a modicum of power in one branch of the Government—namely, in the House of Representatives. Even the efforts they made there to bring about retrenchment, reform and a better state of things, were counteracted in a great measure by the Republican Senate and Republican administration. Still the Democrats, since they obtained a majority in the House, have by extraordinary perseverance done many things in the way of reform and retrenchment and to lift the country out of the slough of distress. All along the Republicans have resisted measures of reform and relief, and whatever improvement has taken place is due entirely to the Democrats. These are simply the facts of history—facts which neither the Republicans or Labor Reform agitators can disprove.

It is perfectly in harmony, then, with the past career, principles and policy of the party, and not an unmeaning declaration, when the General Committee says: "The Democratic party protests against the Republican tendency to legislate for the exclusive benefit of capital and leave the laboring class to its mercy. It denounces the pernicious notion that the Government should take care of the rich, and leave them to take care of the poor, as a relic of feudal barbarism." Then, again, the address proclaims that "the working people, on whom the burden of society falls heaviest, should have a large share of the results of their toil, and of the protection and fostering care of Government." While protesting against agrarianism and maintaining the rights of property, as consistent with civilized society, the General Committee says well that "the Democracy looks with alarm on the growth of corporations which already defy the popular will, and divert legislation to their selfish aggrandizement."

The strong and noble protest of the Committee against reviving sectional issues and ill-feeling between one section and another will be cordially endorsed by all good citizens, and particularly at this time of Southern affliction and Northern generosity. On the whole, the address and resolutions constitute an admirable platform, and one adapted to the exigencies of the times.

Our Representative in Congress.

We have heretofore alluded to the fact that the National Democratic Executive Committee had paid the Hon. Joseph J. Davis the high compliment of having printed a very large edition of his speech, in the House of Representatives, on Claims against the Government, for general circulation. The compliment is as much to Mr. Davis' constituency as to that gentleman himself, in so far as it reflects credit upon them to have been represented by a gentleman who was enabled, by his ability, industry and conscientiousness, to attain such high position in our National councils. The Democracy of the District have shown their appreciation of these qualities, and of Mr. Davis' services, by re-nominating him for election. The only opposition thus far trumped up against him consists of the fog-ends of a brindle-tail independentism, which is inspired by morbid ambition, a disorganizing reckle-sness and a soured temper, seeking revenge upon former political associations through the agency of Radicalism. This very day the anomalous and disreputable spectacle is exhibited of a Republican Committee meeting, in secret conclave, to determine which of the two men it shall endorse, who, in the past, have been the most blatant and envenomed enemies of the party in whose interests it assembles! If so revolting a sight does not disgust all Democrats in the District, who, in the abundance of that charity which is disposed to "think no evil," may have been inclined to think leniently of the vagaries of Turner or Bledsoe,—especially of the former,—then

" . . . Neither poppy, nor mandragora,
Nor any other syrup of the East,
Can medicine them "

to a due nausea of the shameless spectacle.

But we were speaking of Mr. Davis, and we speak what we *know*, when we say that the standing which he has acquired in the halls of National legislation is such as to give him great opportunities of usefulness in Congress. It is no part of wisdom, in view of the present condition of the South, and in the face of the stern exigencies of the times, for the people, anywhere, to sacrifice approved patriotism and acknowledged efficiency to the wild pretensions of crude and ill-balanced political bummers, who have neither the prudence to make themselves serviceable, or the qualities requisite to give tone to a State or constituency.

Apropos of the Yellow Fever: That a land so fair to the eye as our own sunny South should wear beneath its mask of beauty so loathsome, so terrible a power, sounds like those wild, unreal tales of Edgar Poe, wherein all that is divine in this world is but a causeway to the charnel-house. Yet in the beautiful suburbs of Rome the grandest palaces are deserted perforce in summer time. The malignant malarial power is betrayed by no external sign. The air seems pure, the soil is fertile, and a balmy freshness in the evening air atones for the heat of the day. Nothing warns you that you are inhaling the breath of death. The Villa Borghese, "more enchanting than a dream," is utterly deserted during the summer. There is but one way to stay the power of pestilence wherever it may be; that is to withdraw the human victim it preys upon. Asylums should be opened in every city beyond the reach of the pestilence, for the reception of those too poor to bear the expenses of a sojourn in a strange land. What use to go on sending our best into the jaws of death!

In the Third District of Maryland there was an independent candidate for Congress against the regular nominee, by the name of *Turner*. The Republicans of the District, in Convention assembled, recently endorsed *Turner*, whereupon he at once withdrew from the canvass, brought to his senses by the thought: "What have I done, that my enemies should praise me?" Whether *his* name was "Jo," or not, we are not advised, but, if so, he is evidently of a different sort from *our* "Jo."

VEGETINE.

Cured Her.

BELLEVUE, KY.

DR. H. R. STEVENS:—
Dear Sir,—I must state that your Vegetine deserves to be called a valuable blood purifier, renovator and invigorator of the whole system. My wife suffered for a length of time with a Scrofula Sore on the leg. She took several bottles of Vegetine. The results were surprising; it cured her, while all the former remedies failed to give satisfaction.

PURIFIES THE BLOOD.

BOSTON, MASS., Jan. 13, 1877.

MR. H. R. STEVENS:
Dear Sir,—I have been using Vegetine for some time with the greatest satisfaction, and can highly recommend it as a great cleanser and purifier of the blood
J. L. HANAFORD,
Pastor of Egleston-square M. E. Church,

Nervousness, and all derangements of the nervous system, are usually connected with a diseased condition of the blood. Debility is a frequent accompaniment. The first thing to be done is to improve the condition of the blood. This is accomplished by taking Vegetine. It is a nerve medicine, and possesses a controlling power over the nervous system.

WILL CURE RHEUMATISM.

CINCINNATI, April 9, 1877.

MR. H. R. STEVENS:—
Dear Sir,—I have used your medicine, the Vegetine, for Rheumatism with great success, and believe it to be the best medicine for that complaint that there is. I also know it is a good blood purifier, and at the present time am using it as the best spring medicine that I know of. I take great pleasure in recommending the Vegetine to my friends.
H. MUND, Charles Street.

Thousands will bear testimony (and do it voluntarily), that Vegetine is the best medical compound yet placed before the public for renovating and purifying the blood, eradicating all humors, impurities, or poisonous secretions from the system, invigorating and strengthening the system debilitated by disease; in fact, it is, as many have called it, "The Great Health Restorer."

FOR DYSPEPSIA.

MRS. M. E. FOWLKS.

I am personally acquainted with Mrs. Fowlks, and can certify that the above statement is true.

CIRCULAR SAW MILL.

LEVER FEED CUTTER

Hege's Improved Circular Saw Mill, is no new a dunntried saw mill, but is one that is well and favorably known in many sections, and wherever it is introduced it is fast superceding all others. It is simple in construction, yet reliable in operation, and is sold for less than any other first class saw mill. Send for descriptive circular

Lever Feed Cutter,

Is something entirely new and novel in the feed cutter line. With this cutter the feed is cut off diagonally, instead of square across, as is the case with all other cutters at the same time our cutter has a draw cut, acting exactly on the same principle that a knife is used in cutting off a stick, consequently with our Diagonal Feed Cutter we can cut more feed with less labor in a given time than any other cutter costing twice as much.

Price reduced to $8.00. Send for circular. Liberal discount to agents. No goods consigned. Manufactured by the Salem Agricultural Works, Salem, N. C.

Weather Probabilities.

WASHINGTON, D. C., Sept. 9.

For South Atlantic States colder, partly cloudy weather, occasional rain, temperature, stationary or lower pressure.

LOCAL BRIEFS.

——The revenue collections yesterday were $1,925.04.

——Dull days are these in a business point of view.

——The excessive dampness is injurious to almost all household articles.

——Three nurses have gone from Wilmington to attend the yellow fever sufferers.

——Ned Phillips, colored, held in jail for costs in an affray case, was yesterday released.

——The depots are blocked with freights, and the draymen are busy hauling all day long.

——November having given a specimen of its weather, April now shows her smiles and tears.

——The regular local columns are so cramped by advertisements that many city items are to be found on the first page.

——Never were mosquitoes worse than now. Many of them are almost as large as bats, and excessively venomous.

——A mite box for the reception of offerings for the sufferers has been established at the general delivery of the postoffice.

——In a notice of the suffering children, they should have been stated as living near the stable of Wynne & Co., and not O'Kelly & Baker.

——The grand jury found out yesterday who struck Billy Patterson. It was a colored woman who gave the blow, and a stick the weapon used.

——The mail service between Littleton and Brickleyville, in Halifax county, will be increased to tri-weekly after October 1st. It is now semi-weekly.

——The negro man, Henry Curtis, alias Haywood, who was one of the watch thieves, is not Henry B. Haywood, who is a worthy colored man.

——Attention is directed to the advertisement of Mr. R. J. Harris, who engages to transact a coal business and has two vessel loads to arrive in a few days. Read the advertisement.

——The advertisement of Messrs. Eaton & Burnett's Business College, Baltimore, Md., appears in this morning's News. Those interested in a business education will do well to communicate with this excellent school.

A Murderer Wanted.

Magistrate's Court.

The case of the negro thieves, Henry Curtis alias Haywood, and Ned Curtis, who stole the watch from Mr. Zacharias, some time past, was tried yesterday before Justice J. C. S. Lumsden. The fact of the theft was proved clearly and the rogues went to jail, in default of bond of $200 each for appearance at Criminal Court.

Religious News.

During his absence from the city, at the meeting of the South Yadkin Baptist Association, at Mocksville, Davie county, Dr. Pritchard preached three times. He lived for some years at that place. He also spoke to a large audience, at Meroney's Hall, Salisbury. The meeting of the Association at Mocksville was very largely attended.

Aiding the Sufferers.

Mr. Wm. Sherry, the proprietor of the galvanic battery and lung-tester, will this evening, between the hours of 3 and 11, have those machines in operation. All the money which he may, during that time, receive, he will donate to the relief of the yellow fever sufferers. Both then and hereafter he should have the patronage which his generous conduct merits.

A BURSTING BOMB.

Smashing a Shop—Scaring a Smith.

Mr. John C. Jordan is the proprietor of the city smithy, which stands on Bloodworth street, between Hargett and Morgan. He is assisted by John Walker, colored. Yesterday one of the street hands brought a 6-pounder shell, to which he desired to have a staple attached, so as to use it for a gate weight. Some lead covered an aperture in the iron. This had been poured in, so the man who brought it stated, when it had been before used as a weight, to hold the staple in place. Thinking that it would be easier to melt the lead out, Walker put the bomb in the fire. Mr. Jordan was in the shop, but in a moment his daughter, stepping to the rear door, called him out. At the same time Walker stepped out, having some business with a mule in the street. Just as the two got fully from under the shelter of the shop, the whole interior was illumined by a powerful light, while the air was shaken by a deafening concussion. Placed in the heat of the forge, the lead had melted, and the fire had aroused the dormant energy of the shell.

Almost frightened to death, the two men went back into the shop, which was filled with gas and smoke. Soon others came running in, for the stunning crash of the explosion had been heard a full mile away. The bursting shell had perforated the roof here and there, blown out the windows, shattered a portion of the chimney, and bruised the wooden beams of the shop. Pieces which had not torn through the walls and roof, were sticking in the timber. It was almost by a miracle that the men escaped. An instant's longer stay would have caused the death of both. The mule outside fainted with fright, and it was some minutes ere it recovered.

The scene of the accident was visited by hundreds, who carried bits of the bomb away as souvenirs.

Penitentiary Recruits.

Sheriff C. C. Sandford, of Davie county, brought down a brace of convicts, which he turned over to the proper authorities yesterday. They were Samuel Drake, white, embezzlement, 12 months; and Shepherd Hill, colored, larceny and receiving, 5 years.

Deputy Sheriff W. C. Threadgill, of Anson county, delivered three prisoners, all colored. Squire Parsons, larceny, 1 year; Cyrus Tilman, larceny, 1 year; Andrew Ratliff, alias Gilledge, larceny and receiving, 15 months.

Wake Criminal Court.

Court met at 10 o'clock yesterday. His Honor Judge Strong presiding.

In the case of the State vs Henderson Alford, the Judge briefly but forcibly charged the jury, who retired, but did not remain out more than fifteen minutes, when, returning, they rendered a verdict of guilty of murder. The prisoner was remanded to jail to await the judgment of the court, which will probably be given in a day or two.

State vs David Ferrell, misdemeanor, verdict, guilty.

Court adjourned until to-day at 10 o'clock.

Personals.

Mr. H. A. London, Jr., of Pittsboro, is at the Yarbrough.

Julian S. Carr., Esq., of Durham, is at the same hotel

Chas. H. Talbott, Esq., of Richmond, Va., is in the city.

Mr. D. C. Parks, of Hillsboro, is registered at the Yarbrough.

Mr. Ed. Barbee, of that active business firm, Rand & Barbee Bros., has returned from an extended business trip north.

Mr. M. T. Norris has returned from the north, after making full purchases for the fall trade.

Messrs. J. M. Mendel & Co., Agents.

Attention is directed to the advertisement of this firm of cigar manufacturers, who have opened a first class cigar store on Fayetteville street, opposite the postoffice. The firm has transacted a large business in this line in Charlotte, N. C., since October, 1872, and have a wide reputation in this State and South Carolina, as reliable manufacturers of cigars. The Raleigh house is a branch house, and will keep in stock the manufactures of the Charlotte house.

The Calliopean Mintrels.

This jolly troupe of burnt cork artistes drew a good house at Tucker Hall last evening. The performance was characterized by a sparkle of wit and humor, and by such an attention to study and stage business as does the entire troupe infinite credit. There was such variety in the entertainment that all were amused. The music was good. Not failing to duly appreciate the merits of the other members, the fine acting of Mr. Russ and Mr. Roberts needs special mention. These two, bones and tambourine, have a peculiar aptitude for comedy. Their farce, "The Lively Corps," is a bit of genuine fun. Russ, in his banjo specialties, is immense, while the agile Roberts is as much at ease in the air as on the boards. Excellent music was furnished by the Raleigh Light Infantry Band. The proceeds of the performance will be sent to the fever sufferers. It is said to be the intention of this fine troupe to make a tour of the State. If so success will attend them, for they will not fail to make a hit.

Board of Aldermen.

An adjourned meeting was held last evening, acting Mayor Andrews presiding.

Maj. A. M. Lewis, lately elected Alderman, vice C. D. Osborne, Esq., resigned, sent notice of acceptance.

Mr. Wm. Yearby gave notice, by letter, that he would bring suit against the city for damages for injuries caused by a fall on West street, which thoroughfare the city had failed to keep in proper condition. He, however, proposed to settle the difficulty by arbitration, the city to select one man and he another, these two to choose a third. The whole matter was referred to the city attorney.

The matter of the extension of Jones street was referred to the Street Committee.

Remarks were made as to the opening of Edenton and Saunders streets.

A motion was made by Alderman Weaver that the Street Commissioner be authorized to employ twenty additional hands for the next thirty days, and that hereafter the pay of the street hands shall not be more than 75 cents per day. Alderman Ellison moved to amend by saying that the 75 cents be paid to the hands every Saturday evening in cash, to avoid the discount on their pay tickets. On this motion the ayes and nays were called, when it passed by a vote of 7 to 5.

Alderman Ellison moved that the city carpenter be paid $1 25 per day, and this was adopted.

On motion, lamps were ordered to be placed on Wilmington street, near the house of Mr. J. P. Davis, and on Fayetteville street, at the N. C. Railway crossing.

A Common Accident.

Accidents caused by the careless handling of fire-arms, which the proprietors, as a rule, state were not loaded—are, unhappily, become so common that, it hardly pays to make mention of one unless it be attended with results of so serious a character as to make it interesting. However, one more case is given, but no more of so trivial a character will be published this season. Yesterday a young gentleman and lady were in an office on Fayetteville street, when the former, playfully pulling a pistol from his pocket, presented it towards his fair companion, and told her he would shoot her. She invited him to discharge the weapon, and the accommodating fire-arm at once exploded. Fortunately the bullet passed through a doorway and did no harm. The shooter did not know it was loaded.

Encouragement for the Feeble.

So long as the failing embers of vitality are capable of being re-kindled into a warm and genial glow, just so long there is hope for the weak and emaciated invalid. Let him not, therefore, despond, but derive encouragement from this and from the further fact that there is a restorative most potent in renewing the dilapidated powers of a broken down system. Yes, thanks to its unexampled tonic virtues, Hostetter's Stomach Bitters is daily reviving strength in the bodies and hope in the minds of the feeble and nervous. Appetite, refreshing sleep, the acquisition of flesh and color, are blessings attendant upon the reparative processes which this priceless invigorant speedily initiates and carries to a successful conclusion. Digestion is restored, the blood fertilized and sustenance afforded to each life sustaining organ by the Bitters, which is inoffensive even to the feminine palate, vegetable in composition, and thoroughly safe. HOME REMEDY.

THE MOST WONDERFUL DISCOVERY OF THE AGE!

A CERTAIN AND SPEEDY CURE FOR SCROFULA.

FACTS ARE STUBBORN THINGS!

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general Tonic and Blood Purifier. It is everywhere giving perfect satisfaction. While my experience with it is too limited for me to specially recommend it for other diseases, I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood, and probably for other diseases.

FAYETTEVILLE, N. C., Aug. 12, 1878.

MRS. JOE PERSON,

Dear Madam, I have been using your Remedy for Scrofula over five months as an experiment for cancer. The cancer is of long standing, the Doctors have been treating it, more or less, for twelve years, it has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine appeared to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tonic and Alterative, I do not think it has any superior. I have been using all the most powerful Alteratives known to the medical profession for the last 12 years, and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,
JOHN BUIE, Box 141,
Fayetteville, N. C.

JONES' BAKING POWDER

FOR SALE BY ALL GROCERS.

We ask all cooks, housewives, and the general public to give our goods an impartial trial. This Powder is carefully prepared upon scientific principles—the result of long and careful experiments and tests in chemistry. In its proportions and compounding, it is the perfection of science, and is recommended by the leading Chemists in the United States, whose certificates we have. It is perfectly pure and wholesome, and saves time, labor and money to every consumer. It stands Unrivaled; we challenge the world to produce better purer or more wholesome goods.

REASONS WHY IT SHOULD BE USED:

A BARREL OF FLOUR MAKES ABOUT 40 POUNDS MORE BREAD
IT NEVER FAILS AND ALWAYS PLEASES THE CONSUMER.
IT IS THE PERFECTION OF SCIENCE IN COOKERY.
IT IS A COMFORT FOR EVERY HOME.
YOUR BREAD WILL NEVER BE SOUR.
YOUR FOOD WILL BE THE BEST.
YOUR BREAD WILL BE WHITER AND RICHER.
YOUR HEALTH WILL BE PRESERVED BY ITS PURITY.

WARRANTED TO KEEP IN ANY CLIMATE

We do most earnestly caution consumers of Baking Powder against using adulterated and cheap goods, as no good and pure Baking Powder can be sold for less than ours.

An analysis of the cheap clap-trap spurious adulterated goods called Baking Powder, would startle the community of consumers beyond precedence, as most of it is not fit for use, and would not be allowed to be sold were the laws enforced; yet goods of this kind are manufactured and sold by dealers because offered cheap by unscrupulous manufacturers. We caution those who value health, and appreciate good, wholesome living to buy only Pure Baking Powder. Jones' Unrivaled is such. It is an established article throughout the West and South, and is recommended by the highest authority for Purity and Strength.

All first-class storekeepers have it because it is pure and can be relied upon, and is a credit to their stock.

Merchants are authorized to warrant our goods where directions are followed.

Our statements are correct and are backed by chemists of note and experience, and we hold ourselves ready to prove our assertions.

We are offering goods of undoubted purity, which are in their compounding, as we claim "UNRIVALED."
